DECEMBER ACC HOUSE OF THE MONTH

The Tinnes Family
24754 Cornstalk Road
By: Denice Harrison, CMCA®

The Tinnes Family moved from Lake Elsinore two years ago to be closer to family in Menifee. The Farm Community brought peaceful living and was very appealing when they were looking for their new home.

Doyle and Peggy have been enjoying the beautiful scenery the Farm has to offer. The location is very convenient and they are still working on seeing all the common areas and visiting every orchard.

The property upgrades consist of new paint, new window coverings, turf in the front yard and the back yard as well as a drought-tolerant landscape throughout. The fencing was not in great shape and has been replaced.

Drive by this lovely Farm property on Cornstalk Road and see why it was chosen for the December House of the Month honor.

10th Annual

Vote for your favorite decorated house. Don't forget the honorable mentions. One vote per household. Fill out the form or email your votes to farmholiday@yahoo.com by Tuesday, December 13th.

DIRECTOR REPORT

President Catherine Neubauer – Welcome Committee Liaison

Cathy Neubauer reported the Welcome Committee is ready to go out and greet new residents.

Vice President David Kentish – FERT Committee Liaison

We have been told by various agencies (SCE, Gas Co., Wildomar and Riverside County emergency personnel, Police and Fire Department) that The Farm is like an island. If a major emergency occurs, it could be 5-10 days (or more) before any outside help could get to us. The Farm Emergency Response Team (FERT) was put together so that we can take care of each other until help arrives. FERT members have taken Community Emergency Response Training (CERT) classes and refreshers, are first-aid and CPR-certified and many have ham radio licenses. The FERT Committee has communications, security, medical and Animal Control divisions.

If there is a county-wide emergency, make sure your home and family are okay. If you have a Block Captain, meet where indicated to let them know if any help is needed or if your family is okay. They will mark off each house as the reports come in and convey any help needed to their Zone Commander (who will communicate by Ham radio with the Emergency Operations center to get us help).

You should have received a “ribbon packet” from FERT with a red (need help) and green (we’re okay) ribbon inside. If you don’t have a Block Captain, tie a red or green ribbon around your light post. FERT can cover the entire Farm in 15 minutes looking for those who are in need of help.

Millers’ Mill will be the emergency center. It has its own generator. We will set up a medical/triage center inside. It will also be a “cooling place” if the heat is extreme and power has been lost. The baseball field will be a helicopter pad, if needed.

FERT has some food stored. More donations are needed. Toward the end of each year, it is then donated to a local charity and we start all over. If you’d like to be part of the solution, we meet the first Tuesday of each month at 6:30 p.m. at The Farm Barn Library.

Corporate Secretary Michael Leonardi – Youth Committee Liaison

The report was given by Edward Moore for Michael Leonardi. The Youth committee meeting will be this Wednesday at 6:30 p.m. at the Farm Barn. Join the fun, as volunteers are always appreciated. The next event will be Friday, October 28th, Trunk or Treat, and a movie. Set up at 5:00 p.m., begins at 6:00 p.m., movie at 7:30 p.m.; Hotel Transylvania 3. Upcoming Event: Saturday, December 3, Santa Day Event. This is a joint event with Recreation Committee at Millers’ Mill.

Treasurer Eileen San Giovanni – ACC Committee and Gazette Liaison

The ACC Committee will be going out this month for the fourth and final evaluation of the year.

The Gazette Committee would like to welcome two new delivery people, Donna Peterson, and Corey Taylor. We so appreciate them helping deliver our monthly Gazette.

Our Accounting staff have been working endlessly in calculating our 2023 budget. It was very challenging with so many increases in the day-to-day expenses. They will be mailing the approved budget out next week. Thank you to our Accounting Manager Melissa Banwart in her excellent presentation of the 2023 FPOA Budget.

Director Paul Bakeman – RV and Garden Liaison

Paul Bakeman reminded the residents that the garden beds East of the camera pole will be removed.

Director Edward Ahner – Maintenance and Crime Watch Liaison

Nothing more to report.

Director Edward Moore – Recreation Liaison

Edward Moore reported the planning for forthcoming events is basically complete with tasks determined and assignments made. The committee can always use a few more volunteers or our events.

Chili Cook-Off and Craft Fair – Saturday, October 15th – This event is sold out at 22 craft booths and 15 chili contest entries. Fantastic gift baskets prepared by Jan MacKenzie to be awarded to Top 2 in the People’s Choice and Firemen’s Choice categories. A request was made that the winners choose their basket when announced, as each had a different theme.

Turkey Trot – Saturday, November 19th – The cooking assignments are well organized, and planning for a full house of 96 is underway.

The Recreation Committee wishes to be allowed to charge half-price to the residents for the children’s dinners beginning in 2023. The motion was made during the first part of the meeting tonight. Child-sized portions will be served, as feasible. Children 2 and under are still free.

The committee is seeking a volunteer to serve as secretary. Eileen has been taking on this task in the interim.

The Grease 3 event was considered a success. Changes for next year have already been discussed to make sure all chores are completed.

In Loving Memory of

Susan Lake Haire

Susan Lake Haire, age 74, of Wildomar, California passed away peacefully in her sleep on Sunday, October 9, 2022 after a prolonged battle with Primary Progressive Aphasia, a form of dementia.

Susan was born in San Jose, California in January of 1948 alongside her "womb"-mate Corinne, to the late Alva and Ethel Lake.

After graduation from high school, Susan continued her education and attended Biola College in La Mirada, California. After her college graduation, Susan moved to Louisiana to begin her teaching career in a small private school in Keithville. She married Kenneth Haire and after taking a few years off to raise her children, she continued her 35 year teaching career at Valley Christian School in San Jose, California.

After retiring in 2014, Kenneth and Susan moved to The Farm in Wildomar to be closer to family. Susan loved spending time with her grandchildren, enjoyed family dinners, making quilts, and hosting church meetings. Susan volunteered by distributing Gazettes, made friends in The Farm Quilters Group and The Farm Exercise Club, and attended many Farm Events and Recreation Dinners.

She is survived by her husband of 48 years, Kenneth Lee Haire, son Andrew Haire(wife Mary) of Wildomar, CA, Rebecca Hines(husband Jeremy) of Greensboro, NC, sisters Corinne Lake and Becky Lake(wife Darlene) of San Jose, CA and her four grandchildren Benjamin, Emily, Samuel and Malachi.

A Celebration of Life Service for Susan was held on Tuesday, November 22, 2022 at 2:00 p.m. at Hillside Church, 545 Hillsdale Avenue, San Jose, CA 95136.

YOUR COMMITMENT AS A HOMEOWNER

By: Denice Harrison, CMCA®

The association is glad you've found a home in our community. We presume it has all the amenities you were seeking and you're settling in nicely. This is the time the association likes to remind new homeowners that common-interest communities like ours create some unique obligations to the community and to other residents within it:

Read and comply with the community's governing documents. You should have received a package of documents when you closed on your home. If you didn't, check with your escrow company review the Architectural Committee (ACC) Rules available on the website at www.thefarmpoa.org. You do not need a log in to review the document. Make sure you understand what's included in them, particularly the rules about parking, your home's exterior maintenance, and architectural guidelines.

Provide current contact information to the association. Make sure we know how to reach you in case of an emergency, and ask us to notify you of association meetings and other important events. If you rent out your home, provide contact information for your tenants also, for use in an emergency. The tenant notification form is also available on the website.

Maintain your property according to established standards. The community's appearance can add value to all the homes within it—including yours—so it's important to keep landscaping neatly groomed and your home's exterior well-maintained. If you plan on making changes to the front yard, the ACC Change Application is also available on the website.

Attend board meetings and vote in community elections. Board meetings are open to all who wish to sit in and keep up with issues under discussion. We had a great turn-out at the November Open Board meeting. Thank you to all that attended. It's a great way to be involved.

THE RESERVES

By: The FPOA Accounting Staff

What are these "Reserves" I've been hearing about? The "Reserves" in an HOA community act as a savings account for the association to cover costs of repair and replacement for association amenities. This savings account is funded by a percentage of the monthly dues that every homeowner pays. In a roundabout way, the homeowners all own little pieces of what goes into the buildings and facilities in an HOA because the funding that is put into the reserves is used to keep the buildings, facilities, and amenities maintained.

Why do we need Reserves? As any homeowner knows, the costs of maintaining investments of homes and properties can be nerve-racking and expensive. Especially when your roof springs a leak! The main reason behind having a Reserves account is to fund those rainy-day expenses that no one can plan 100% in advance for. We know the expected time frame that a roof is supposed to last, about 25 years. By giving the Reserves a little bit every month, when it comes time to replace that roof, the money is already there. This reduces the need for any special assessments or borrowing. Another good example of what the Reserves prepare for: a pool heater going out. Again, instead of having to send out for a special assessment from homeowners which would take more time and money, the Reserves account has been putting a little bit towards that new heater every month since it was installed. This saves time and money, gets the pool/spa up and running again quickly, and gets you back to enjoying the amenities of your community. Not only are Reserves accounts good to have for any association, but in many cases, they are required by law to be in place by the association.

Overall, Reserves cover large expenses by spreading out the cost evenly and over time. A small portion of the dues paid by homeowners each month goes into this account, and every little bit adds up! Come to the open board meeting each month to know where the FPOA Reserves account stands or contact the office if you would like to know more information.

Happy Holidays!
