Board of Directors' Message

Hello Farm Residents,

All residents are invited to the Board Open Meeting held on the second Thursday of every month at the Farm Barn. Doors open at 6:30 pm. The meeting starts at 7 pm. Coffee and cookies are provided. We encourage residents to stay after the meeting. The Board officer positions will be chosen at the next meeting on Thursday, June 8th as well as the committee liaisons.

There are two opportunities for open forum on the Board agenda. During the open forum, each homeowner is allotted three minutes to speak. If this is an agenda item, the Board may discuss the item. If the topic is not on the agenda, the Board is limited for any discussion. The open forum is the only portion of the meeting for residents to speak.

Pool #1 on Farm Road and Pool #2 on Harvest Way (behind the Farm Barn) are both open and heated. Pool #1 has been heated since May 1st almost a month earlier as the Board voted at the April Board Open Meeting.

Pool #3 on Wagon Train Drive will be open and heated as soon as the gate repairs are completed. We appreciate your patience. Below is the pool schedule and hours.

Calls and reservations for Millers' Mill and the library have been received by the office staff. When renting the library at The Farm Barn, pool parties are not allowed.

The Farm Board of Directors – David Kentish, Michael Leonardi, Eileen San Giovanni, Paul Bakeman, Edward Ahner, Edward Moore, and Gayl Taylor

ACC HOUSE OF THE MONTH

The Loera-Shelton Family
24524 Silo Circle

By: Denice Harrison, CMCA®

Before moving to The Farm two years ago, the Loera-Shelton Family lived in Lake Elsinore. Already working in the area, they were looking for the “old country farm style” that The Farm has to offer. It’s close enough to the city without feeling like you’re living in the city.

The family looks forward to using the amenities and enjoying the monthly activities.

Home improvements have included adding brickwork to the patio, removing all the mulch and adding artificial turf. This property has drought-tolerant landscaping, drive by this beautiful home on Silo Circle and take a look.

Thank you to the Loera-Shelton Family for taking pride in your home.

FUTURE HOMES OF THE MONTH

Beginning in July, the ACC Committee will be choosing TWO Homes of the Month to feature on the front cover.

MONTHLY TIDBITS FOR JUNE

By: Sarah O'Brien, Bookkeeper

Hello Farmers, and welcome to June! Here are some facts about this month:

June = origin is from Middle English; from Old French 'juin'; from Latin 'Junius' -variant of 'Junonius', which means 'sacred to Juno'.

Birthstone = Pearl/ Alexandrite/ Moonstone; the Pearl symbolizes sensitivity and preciousness and is the only organic birthstone (made from a living organism); the Moonstone is thought to relieve anxiety and stimulate clairvoyance

Flower = Rose and Honeysuckle; Rose for love, beauty, and affection; honeysuckle for happiness and positive energy, planted near homes to create a feeling of nostalgia and to keep negative energy away

Roses are often used in skincare for dry and sensitive skin, sometimes used as a mild sedative, antidepressant, and for stress.

Honeysuckle has been used to treat digestive disorders, respiratory issues, and headaches; also used when treating arthritis, rashes, skin disorders, and sometime snakebites.

YOUTH COMMITTEE EVENTS

By: Susie Watters

Summer Bash – Saturday, June 10th, from 4:00 pm-7:00 pm at the Wagon Train Gazebo. Woo Hoo! First Saturday of Summer! We'll have Pizza or Sandwiches, snacks and drinks. Games, Prizes, Music, Snow Cones, and maybe even Cotton Candy! Come on down and kick off Summer with a BASH!

StoryTime – Thursday, June 15th from 10:30-11:30 am at the Farm Barn Library. We now have StoryTime the third Thursday of every other month (on even months). Bring the little ones to the Library for a Story, Singing, Snack, and a Craft! We even have Mr. Bruce playing his guitar and singing songs with the kids. What a better way to go on an adventure without leaving The Farm!

We only have six members on our committee. If we don't get more people to join us, we will NOT be able to put on all these events. It's far too much work for only six people. If your kids and grandkids enjoy our events, please get involved!

DOWN IN THE GARDEN

By: Sarah O'Brien, Bookkeeper

Happy June Farmers! There's a lot to look forward to this month in the garden, especially if you planted at the end of April. The beginning of this month may bring you a crop of radishes if you have those planted, as they reach their maturity. If they get too big though, (bigger than 2 inch in diameter), they become pithy, so don't wait too long! Near the end of the month, we'll be reaching that 60-day maturity time on a lot of our squashes, peas, carrots, cucumbers, and so many more! Get yourself some dirt under your nails and some fresh food on the table! Remember, even if you're having to pull out a failed crop, getting fresh air, sunlight on your skin (with sunscreen), and the microbes of the dirt under your nails is good for you!

The Farm Line Dance Class would like to encourage you to join us on Tuesday nights at 6 p.m. at Millers' Mill as we learn new dances to a variety of music. For example, the Electric Slide, Macarena, Leroy Brown, Boot Scootin' Boogie, Tush Push, Watermelon Crawl, 10 Step, Cupid Shuffle, Elvira, Waltz, Power Jam . . .

Call Terry L. at 760-532-1130

or

Terry R. at 951-897-3049

We do look lovely in our Pink Lady outfits, but there is no dress code - other than you must be dressed! Did we mention that we are a fun group?

IN MEMORIAM OF ALMA AND MIKE WESSON

By: John David Barnett. (AKA: Farmer John)

For those of you who don't know, Alma and Mike Wesson have passed away in the last few months. Alma and Mike were long-time real estate brokers/agents that spent their lives and careers selling and servicing the many clients that bought and sold their properties in The Farm Community. This is a brief story of my association with Alma and Mike Wesson and The Farm during those early years.

I met Alma Wesson on July 5th, 1976, when she was hired as the Corporate Secretary for The Farm Inc, developer of "The Farm". We worked together daily at the manufactured home dealership in Lake Elsinore, where we displayed the future Farm development along with selling several of the more popular manufactured homes of the day. It was all new territory for us both, as we learned all the things that made a mobile-home into a manufactured home!

There were several years of delays before the developer could start selling the lots in the new community in Bundy Canyon. Alma decided that her calling was to get her real estate license to sell the lots. Mike worked construction for the developer for a short time, and found it not to his liking. Thus, he joined Alma in getting his real estate license. Alma, Mike, and myself, along with some others, were exclusive Real Estate Sales Agents for The Farm Inc., and we began selling the lots in the late 1970s. As "The Farm" grew slowly in population and sales, Alma and myself became Sales Teams Captains, with several agents under each of our teams. We handled the daily real estate lot sales with the opening of each new phase. In the early 1980s, Alma and Mike Wesson left the developers employ to start their own real estate company called "Canyon Development Company", later to become Wesson Realty. The Farm community had grown to the point that there was a viable resale inventory for outside brokers and agents. Even though we were now competitors, the Wessons and I were able to remain friends.

When The Farm Inc development came to an end in the mid-1980s, I obtained my broker's license and Alma and Mike encouraged me to open my own real estate resale brokerage, selling "The Farm" resale lots and home properties. When the market started declining, I got out of the real estate resale business in 1989 and went on to become a real estate appraiser. Alma and Mike stayed the course during the market's booms and busts, remaining at Wesson

Realty. Over the years, Alma and I would consult many times about the diverse/different properties that she would be listing and selling, she would come to me for an opinion about valuing a property in the current market. Meanwhile, The Farm Community had grown to approximately 1,000 manufactured home properties and over 10+ years, Alma Wesson had sold more properties in The Farm Community than any other agent or broker in the Valleys! Alma was urged to use that fact in her advertising, but she was a modest woman and said she "didn't need to use that fact to complete herself". She was the neighborhood professional in The Farm.

As growth in the area continued to climb, Alma decided that it was time to leave Wesson Realty behind and ended up joining several different realty brokerage firms during her last years as an agent/broker. She ultimately ended up joining forces with her longtime friend, Kathy Kemis. They became "2 Brokers Working for You!"

I will miss my friends Alma and Mike. They are a large part of my real estate career history here at The Farm. We three began as young, brand-new real estate agents and over some 30+ years, we became knowledgeable, qualified, real estate professionals.

How do you measure one's life and career in the real estate profession? It is not in the amount of money made or those sales numbers achieves. It is measured by all of the PEOPLE you've helped in each of their journeys of buying and selling properties over those many years!

Aloha and RIP to Alma and Mike Wesson
