Board of Directors' Message

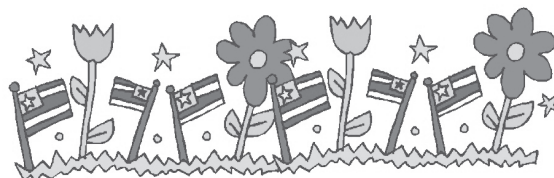

Dear Fellow Farmers,

The 4th of July Parade will be Saturday, July 4th. Turn in your entry form today and decorate your golf cart, float, boat or vehicle. Social distancing must be followed. Entry forms and map are in this issue. Unfortunately, there will be no barbecue after the parade due to the COVID-19 restrictions. Be sure to join us in the parade or watch from home with family and friends as we celebrate this year's Independence Day.

The Kid's Annual Fishing Derby will be held on Saturday, August 22 at the Main Pond off of Mill Pond Drive. See the back cover of this issue for more details. Registration begins at 7 a.m. and closes at 8 a.m. Please arrive on time to register your child/children. There is no cost for this event.

Summer is in full-force and pool fobs are a hot commodity. Secure your pool fob, if it is lost or stolen notify the office immediately to turn it off.

The Farm Board of Directors – Cathy Neubauer, President; Dave Kentish, Vice President; Mike Leonardi, Corp. Secretary; Eileen San Giovanni, Treasurer; Paul Bakeman, Director; George Taylor, Director; and Roger Hillard, Director

of

Beverly Hicks

Written and submitted by Betty Freese and Jane Merrow

Our Dear Friend and 30+ year resident of The Farm, Beverly Hicks passed away on April 27, from heart failure. She and her husband Cleve, had just 10 days earlier, moved to Henderson, Nevada to be near their children.

She and her husband Cleve moved to "The Farm" in 1989 and were involved in numerous clubs and activities, one being "The Lions Club" where they served pancake breakfasts.

Bev had an exciting career in Aerospace, having worked on the Apollo program (S-11, 2nd stage booster) and Space Shuttle program, all in 32 years. She developed and administered all Engineering policies and procedures on both programs.

Bev was involved in many activities, being an avid gardener herself, became President of the "Garden Club". Her beautiful yard was admired by many. She also did Scrapbooking and had many albums that she shared with people.

She belonged to the "Red Hat Society" and dressed the part to the max. She also served on the "Recreation Committee" serving many dinners at "The Barn" and helping in any way that she could.

She and Cleve belonged to several Motor Home Clubs, "Weekend Wanderers," "The Vaqueros" and "The Mixed Nuts". They were long time members of the "Lake Elsinore Elks" and members of the "Merry Makers" where Cleve served as President.

She and Cleve were warm, friendly, kind and sociable people and had many friends. Bev will be sorely missed by all who had the good fortune of knowing her.

MEDICAL EQUIPMENT

By Beverly Bakeman

Please remember that we have medical equipment available for our Farmers to use free of charge. If you have a broken ankle, a sprain, or are just out of the hospital and weak, call Beverly at 951-244-1863. No donations are needed at this time.

HOUSE OF THE MONTH
JULY 2020

The Kemmis Residence
33528 Hayloft Road

By Sarah Elman, ACC Admin. Assistant

The Kemmis's were married in San Diego in 2004 and lived in Pacific Beach, San Diego, as well as in Bonsall for a brief period before moving to the Farm in 2007. Jim Kemmis was raised in the Temecula Valley area while Kelly Kemmis was born and raised on the East Coast and moved to California in 1999.

The Kemmis family moved to the Farm while seven months pregnant with their son to be close to the paternal grandparents, who also live in Wildomar, just about five miles away. Jim Kemmis was quite familiar with the Farm as one of his best friends from childhood lived here. Jim visited often enjoying the amenities and joy riding around the neighborhood in the golf cart and on scooters.

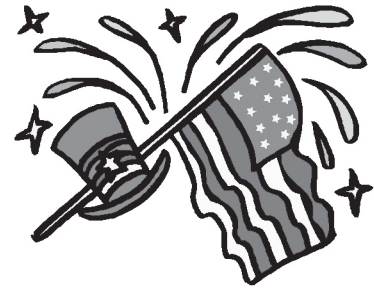

Being an avid jogger and hiker, Kelly has really enjoyed the exercise challenges of the very hilly Farm community. Kelly went jogging every day with her then infant son in the jog stroller and together they toured all the beautiful trails and paths the Farm has to offer. While her son is no longer an infant she still enjoys getting out as often as possible and seeing what her fellow Farm residents have done with their wonderful properties. "We love our quiet cul-de-sac, and wonderful neighbors, most of whom have lived here longer than us."

The Kemmis's have recently improved landscaping along with some internal improvements such as painting and flooring. They are looking forward to invest in more improvements soon.

ARCHITECTURAL CONTROL COMMITTEE MESSAGE

Any architectural changes or improvements to the exterior of your property require approval from the ACC before work can be initiated. All architectural change applications must be submitted to The Farm Office Friday July 10th, or Friday July 31st.

YARD CLEANUP REMINDER:

Summer is here and weeds are trying their best to take over. While our maintenance team is working hard to keep our community clean and maintained, please be mindful of weeds in front yard areas as fire season begins. In July we will be doing an evaluation for paint, weeds, trashcans, and unauthorized RV or street parking.

SPACES ARE AVAILABLE IN OUR RV LOT!

Have you received a violation due to your trailer being in your driveway? Do you have a small trailer or RV that you have no room for? If so, we have a limited amount of spaces available for rent in RV lot #2. The spaces are on a first come, first served basis. Please call the office for eligibility information.

RESPONDING TO VIOLATION LETTERS - TIPS:

Tip 1: Understand why the rules exist

The Architectural Control Committee is in place to ensure that every homeowner's equity is protected. Not everyone has the same ideas about how a community should look or what type of conduct qualifies as "neighborly." By organizing these guidelines and formalizing them in our governing documents, The FPOA clearly outlines what will be expected from you and what you have the right to expect from your neighbors.

Tip 2: Ask why you received the notice

If you're caught off guard by a notice, then there's a chance you didn't know you were in violation of ACC rules. Contact the Architectural Control Administrator at The Farm office and ask for an explanation. Understanding where the ACC is coming from can help you contextualize the notice.

Tip 3: Understand that it is a progressive process

Just because you receive a violation notice doesn't mean you are automatically subject to a fine. The process looks like this: 2-week courtesy notice, notice of hearing with the FPOA Board (10-days to correct violation), and lastly a notice regarding the decision to fine for non-compliance. From the first notice to the last, the FPOA gives residents over 25 days to correct their violation; you will have ample time to ask questions, correct the problem and share your concerns with the board before facing a penalty.

Tip 4: The process is confidential and is not an attack on your character

Please do not assume that you are the only one on your street who received a violation letter. After every inspection, we receive complaints asking why a violation letter was sent to the person and not the "messy neighbors next door". Please know that the process is confidential, you will not receive status updates on your neighbor's compliance notices. Trust that the ACC is committed to impartiality; please know that due process is underway.

Tip 5: Familiarize yourself with FPOA Architectural Guidelines

Know what is contained in the Architectural Guidelines so you are aware of which compliance issues need to be absolved. Read the requirements, how they were violated, the fine schedule, and the remediation process. Understanding the contents of The Farm rules and regulations makes it easier for the discussion to move forward.

If you want to attend the hearing for non-compliance, the office must receive written response or by phone, at least 72 hours prior to the hearing date stating that you will attend.

The Farm Safety Page

By Roger Hillard – Safety Consultant

Beat the Heat

Even though we are aware of the dangers of heat exposure, below are some reminders of how to recognize heat related illnesses. Some key things to be aware of are the different stages of heat related illnesses. We have all been cramped up too long with the *Stay at Home* order and now we are anxious to get out and have some sun fun. Whether you are kicking it by the pool or working in the yard. Remember to pace yourself, drink plenty of water and beware of the below symptoms. Rest in shaded areas and use appropriate sunscreen to protect your skin.

What is heat illness?

Heat illness includes heat stroke, heat exhaustion, heat cramps, and heat rash. It often occurs when a person is exercising, working, or engaging in an activity when temperatures and humidity are high.

What are the types of heat illness?

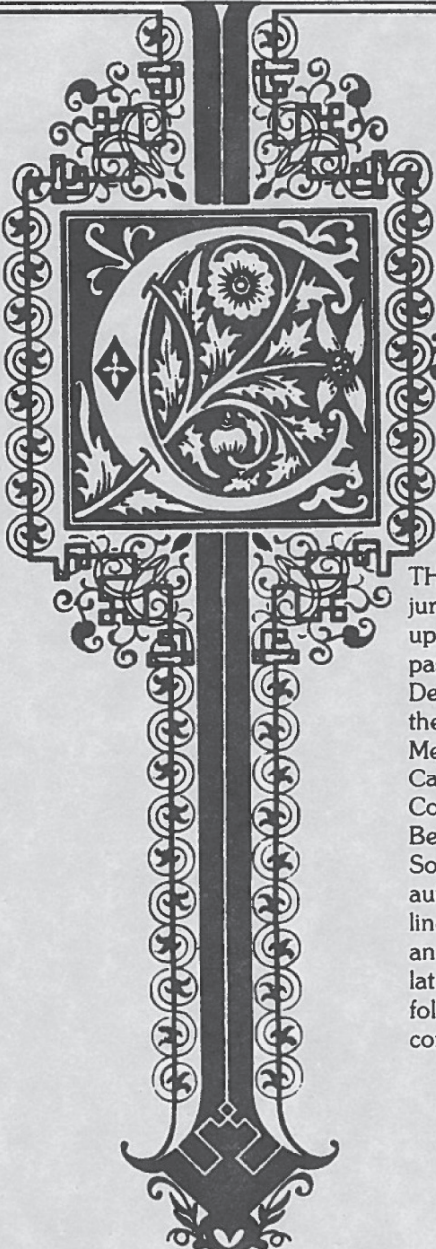

Heat rash and heat cramps are mild types of heat illness.

- Heat rash is a mild skin irritation caused by heavy sweating.
- Heat cramps usually develop in muscles being used during an activity. Cramps are caused by the loss of body salt and fluid through heavy sweating and high efforts. When a muscle has a low salt level, it cramps. *(Salt tablets are not recommended to offset the body's loss of salt as the high sodium causes increased blood pressure & hypertension)*

Heat exhaustion and heat stroke are serious types of heat illness.

- Heat exhaustion is the body's reaction to losing salt and fluid through heavy sweating.
- Heat stroke usually occurs in extremely high heat, high humidity conditions. However, heat stroke can also occur in mild to moderately hot temperature if the humidity is high (in other words, if the heat index – the “feels like” temperature – is high). Sweat cannot evaporate as quickly as usual, so the body cannot release heat to cool itself. When sweating stops, the body's temperature goes up too quickly and heat stroke can begin.

If you, or you see anyone experiencing any form of heat illness, get help immediately. Approximately 700 people die each year from heat related illnesses. Don't be 1 of them!

Chain of Title

THE FARM is located on a parcel of land which came under the jurisdiction of the King of Spain by virtue of the Law of the Indies upon the Spanish occupation of California in 1769. Ownership passed to the Mexican government in 1822 after Mexico's Declaration of Independence from Spain and establishment of the sovereignty of the Republic of Mexico. In 1848 following the Mexican War and signing of the Treaty of Guadalupe Hidalgo, California became United States Territory. In 1893 Riverside County was formed from portions of San Diego and San Bernardino Counties. At that time the property was owned by Southern Pacific Railroad Company which had been granted authority to aid in the construction of Railroad and Telegraph lines from Missouri and Arkansas to the Pacific Coast following an act of Congress, approved July 27, 1866. Ownership was later transferred several times throughout the decades that followed until it was purchased by The Farm, a California corporation who subdivided it for residential use.

THE COMPLETE CHAIN OF TITLE:

King of Spain	1769
Mexican Government	1822
Southern Pacific Railroad	1893
R. R. Macy et ux	May 12, 1941
Joe Rheingans et ux	May 9, 1946
Philip L. Ellithorpe et ux	Apr. 14, 1958

THE FARM
HISTORICAL SERIES
ARTICLE 1 FOR THE AUGUST 2020
GAZETTE
BY GEORGE W. TAYLOR

In the beginning, back in the late 1970 time frame, there were two brothers by the name of Odekirk who were in the real estate development business. They said we will plan to develop 1,520 acres of land in Wildomar with the intent of selling the lots to buyers who would put a mobile home on the property.

At that time, if you lived in a mobile home, you rented a space in a mobile home park. In most cases, you neither owned the land or the home on it. As I recall, each year the owner of these parks would raise the space rental fee by around 7%. I know this because I was ready to retire and was looking for a place out of the "high rent district" of Orange County. At that time, Riverside real estate was very attractive so Riverside County is where we as well as many others bought property to move to when the time came to retire.

And so, we found The Farm and have been here ever since. Alma Wesson showed us around and we saw that most lots in Phase 1 through Phase 8 were city size (60' x 100') selling for \$29,000. However, there were also some that were larger for the buying. If you came here and were an original lot owner you received a document that identified you on a chain of title.

The Farm Chain of Title begins with a King of Spain Spanish Land Grant, and ended with your name as the last lot owner. As can be seen, there were twelve other owners in the chain between The King of Spain and you as a new last owner. Today, each of you is one of 1,219 lot owners.

So to digress for a moment here, there is much more to be told about this story as you will find out as further historical articles appear in the months to come. There are 17 more to come.

As a prelude to the 1977 Farm ownership date as shown on the Chain of Title, our story actually begins early 1971 with the two brothers from Irvine California. The plan they had and put into motion was to build-out 1,520 acres with 1,800 lots here in The Farm. During the following years, the two developers established what was to be known as the Farm Development Company. At this same time the two Developers were required by the California Corporations Board to establish the Farm Mutual Water Company, as it exists today. They built a sales office on that high ground near and between The Farm Road and Harvest Way, overlooking Bundy Canyon Road. At that time they had a Lake Elsinore address of 33390 The Farm Road and a Zip Code of 92330.

It wasn't until the early 2000s that we acquired a 92595 zip code and became a City in 2008.

Also during this, there was progress made with the State to develop and establish the required Covenants, Conditions & Restrictions (CC&Rs). The framework for our governing documents was taken from the CC&Rs that had been published in a condominium Development in Long Beach. In addition, they needed money to help finance the effort, so to this end, the brothers recruited

a small group of investors to help support the project. Meanwhile, the progress with the County resulted in what was, and presently known today as Specific Plan 116/ CW. As of now, there have been four amendments, the last of the four being the proposed Oak Creek Canyon Project that will straddle Bundy Canyon on our North boarder, at some time in the near future.

Due to space restrictions, I will pick this up in next month's gazette.

RECREATION COMMITTEE

By Jacqueline Meers Heidrick

We would like to thank all our fellow Farmers who enjoyed our dinners and events in the past. We all hope to continue our celebration when time permits. The health and safety of our community and our members are very important to us, and we hope we will be joining our friends and neighbors in the near future.

4th of July Parade: Saturday, July 4, 2020: This will be a Patriotic display of red, white, and blue. Last year we had a cable car, motorcycle doing wheelies, and antique cars. This year it will be a little different. We will not have a festive barbecue, but you will see the parade abiding by government guidelines and social distancing. See the Parade route in this issue. Hope to see you waving from your homes and windows!

Remember to stay safe by the rules of hand washing and social distancing. Our community is special. Even staying home in this beautiful community is a pleasure.

Slow Me Down, Lord

A Poem by Shirley Heidrick

Slow me down, Lord, Ease the pounding of my heart by
the quieting of my mind. Steady my hurried pace with
a vision of the eternal reach of time. Give me, amid the
confusion of the day, the calmness of the everlasting
hills. Break the tension of my nerves and muscles with
the soothing music of the singing streams that live in my
memory.

Help me know the restoring power of sleep. Teach me the
art of taking minute vacations, of slowing down to look at
a flower, to chat with a friend, to pat a dog, to read a few
lines from a good book. Slow me down, Lord, and inspire
me to send my roots deep into the soil of life's enduring
values that I grow towards the stars of my greater destiny.

This is a special Mother's Day poem for all Moms in this
time of uncertainty. Children will grow strong!

COOK'S CORNER

"YUMMY FOR THE TUMMY"

Submitted by Jane Merrow

T.G.I.F. FRIDAY'S BAKED POTATO SKINS

(Serves 5)

5 baked potatoes, halved and flesh scooped out (save for another use)

1 T. butter

Seasoned salt

$\frac{3}{4}$ cup cheddar cheese

$\frac{1}{2}$ cup diced bacon, fried crispy (about 5 slices)

1 T. snipped fresh chives

1 cup sour cream

Preheat the oven to 375 degrees. Brush potato shells with melted butter and sprinkle with seasoned salt to taste. Bake 15 to 20 minutes, until crisp but not dry or hard. Remove from oven and sprinkle with cheese, bacon, and chives. Place back in oven until the cheese is melted. Serve with sour cream. Yummy!

Smokehouse Spaghetti

$\frac{1}{4}$ lb. Bacon

1 lb. Ground beef

1 medium Onion

2 8oz. can of Tomato sauce

1 can Mushrooms – drained

1 $\frac{1}{2}$ tsp Salt – $\frac{1}{2}$ tsp. oregano – $\frac{1}{2}$ tsp. garlic salt – $\frac{1}{2}$ tsp. pepper

8 ozs. uncooked Spaghetti

$\frac{1}{4}$ lb. provolone cheese, shredded

$\frac{1}{4}$ lb. cheddar cheese, shredded

Cook bacon until crisp. Cook beef and onion in skillet until meat is no longer pink and onion is soft. Transfer to slow cooker, add crumbled bacon, Add tomato sauce, mushrooms, and next 4 ingredients to cooker. Cover and cook on low for 6 or so hours.

Stir uncooked Spaghetti into cooker – breaking pasta in half if needed. Cover and cook on low 30 minutes. Uncover and Stir, sprinkle cheeses on top. Cover and cook 10 minutes.

PICKLEBALL REVIEW

By: Coach "G"

Now that we have sprung forward our clocks, and it stays lighter into the early evening, The Farm Barn Pickleball Club is looking for **NEW MEMBERS** to join our group.

Pickleball action is every Tuesday and Thursday nights from 6:00 p.m. until 7:30 p.m. Anyone is welcome to come and join this social/athletic activity at the Farm Barn tennis court. The Pickleball Club will provide extra racquets and balls; and most beginners learn the game in one or two sessions. We play mostly doubles and it is a true co-educational activity. We have two courts that fit within the Farm Barn tennis court. The only thing we ask of new participants is to wear proper court shoes.

If interested in finding out more about the fastest growing racquet sport in the United States, please call (626) 422-3009 and ask for David. All pickleball lessons are provided free of charge.
